CHAIRPERSON'S MESSAGE

Esteemed Members of the Branch,

Greetings !!

Hope this E Newsletter finds you all a little relieved yet steady as expected. Income tax filing dates this year have earned the popular award for the 'A Song That Doesn't End'. Unexpected yet needed delays and extensions have been around for months together. Though Tax Audit Filing is over, Income Tax return filing is still to be chased and finished and then filing of Annual Returns of GST shall start building the pressure, unless there comes a reasonable extension for the same.

We have worked long hours. We haven't rested enough, we have connected enough, we haven't refreshed enough !! As Sir William Henry Davies said -

What is this life if, full of care,
We have no time to stand and stare?

The silver lining is that we professionals know how to recharge ourselves amidst all these pressures. Even when we relax, we network, we find new avenues, we learn newer concepts. It is that time of the year, when we all come together to participate in the annual flagship event of our Branch, i.e. the National Conference. The Conference is scheduled for 19th and 20th December 2025, so that we can come to make together to greet, meet, learn and enjoy the company of fraternity for two days just after the annual Income Tax filing dates are over and the annual GST filing dates are yet to press hard. Preparations for the Conference have started and you all must be aware that this time, it is being organized at a different venue with a different set up and different vibe. The objective is to bring together the fraternity of the Branch together for two days where we can learn, interact, network and enjoy the winter sun with tea and coffee, flaunting our blazers and lapel pins as icons of the profession and listening to national level speakers and luminaries on topics of current and futuristic value in an elegant and tastefully done auditorium. But then, everything else that we say, will carry value, only if our members join together and participate. The Managing Committee is working hard to make it a remarkable one, but no event can fetch it success without the presence and participation of its attendees and audience. There is no great event without the remarkable audience it is set for.

We all are proud professionals who remain students for a lifetime. This Shloka from the Vidura Niti applies apt to us all :

आचार्यात् पादमादत्तेपादं शिष्यःस्वमेधया
पादं सब्रह्मचारिभ्यः पादं कालक्रमेणच

It means that one who is committed to learn, gains a quarter of knowledge from the teacher, a quarter through their own intelligence (self-study), a quarter from their fellow students (peers/ fraternity), and a quarter in due course of time (experience).

Thus, on behalf of the Managing Committee, I take this opportunity to invite you all to the National Conference 2025 themed as "Lakshya – Where Dreams meet Direction" where we will have expert teachers, peers as well as fraternity to match our experience which is growing day by day.

We promise to deliver a great Conference, if you promise your esteemed presence and participation for the two days, 19th and 20th December 2025. We are waiting to see each one of you there. For anything that you would like to know, we are just a call away !!

Warm Regards,
CA. Raginee Goyal,
Chairperson
ICAI Guwahati Branch

EDITOR'S MESSAGE

Greetings to the Esteemed Members!!

The month of October began amidst the vibrant Durga Puja celebrations, which set the tone for a festive period extending through Diwali and Chhath Puja. The much-needed extension for tax audits offered a welcome breather, allowing professionals to savour the festivities with family and friends. Yet, even in celebration, the commitment to timely completion of tax audits remained at the back of every professional's mind—creating a delicate balance between devotion and duty, which ultimately kept the momentum alive throughout the month.

Amid this festive backdrop, the Guwahati Branch remained steadfast in its social and professional responsibilities. The team undertook impactful initiatives such as “Ek Ghanta Desh Ke Naam,” a Ration and Cloth Distribution Drive in remote villages under the Rani Development Block, coupled with sessions on Financial literacy and fraud awareness. The Branch also carried forward the ICAI's sustainability mission through a meaningful Tree Plantation Drive.

As you browse through this edition of our e-newsletter, we hope you take pleasure in the diverse non-CPE initiatives showcased by the Guwahati Branch. The Editorial Team is committed to presenting a comprehensive account of all branch activities each month.

We sincerely hope you find this edition as enjoyable to read as it was for us to compile. Your suggestions are always appreciated and will guide us in making future issues of our E-Newsletter more insightful, impactful, and enriching for all our members.

Wishing you an pleasure read!

With warm regards,

CA. Kumar Victor Saha

PAST CHAIRMAN SPEAKS

My Journey as a Chartered Accountant

At the outset, I would like to congratulate the Editorial Board on their commendable efforts in producing a purposeful and educational monthly newsletter that continues to inspire and inform our fraternity.

Life often takes us on paths we never plan, and my journey into the Chartered Accountancy profession is one such story. Born and raised in the small village of Simaluguri under Sivasagar District in Assam, I had simple dreams and modest beginnings. Becoming a Chartered Accountant was never on the horizon until life gently steered me in that direction.

I was fortunate to be the best graduate of Dibrugarh University for the year 1998, which inspired me to join CA Course. What began as a curiosity soon turned into a commitment to pursue excellence in this demanding profession.

After years of effort and perseverance, I qualified as a Chartered Accountant, a day I still remember with immense gratitude. Rather than seeking employment elsewhere, I chose to build something of my own. I began my independent practice in Guwahati, starting from scratch with a vision and the determination to create opportunities.

From the beginning, I chose not to confine myself to any single domain of practice, whether it was audit, taxation, financing, consultancy, or advisory. I believed that our clients should get all the solution to their Financial and Taxation needs at a single place. As a CA student, I also had the opportunity to serve EICASA for three years, two of which were as Vice Chairman. At that time, EICASA Guwahati was not recognized by the ICAI, and one of the achievements was to get it officially recognized as the “Guwahati Branch of EICASA”,

I became part of the ICAI Guwahati Branch Managing Committee in 2013, marking the beginning of a journey that grew from a modest intent to contribute to one of genuine teamwork and meaningful service. During my six years in the branch Managing Committee, I had the privilege of serving in various capacities viz, CPE Chairman, Treasurer, Secretary, Vice Chairman and as Chairman in 2018–19. Those years remain among the most defining of my professional journey. Our initiatives were directed towards strengthening professional learning, deepening member engagement, and reinforcing the spirit of unity within the fraternity.

I was also associated with few social organizations and served in various capacities at the Branch and Regional levels. Presently, I serve as the Treasurer of the Tax Bar Association, continuing my commitment to the larger professional community.

Looking back, the journey from a small village in Simaluguri to where I stand today has been one of constant learning and quiet perseverance. The path was never simple, yet every challenge brought growth, and every setback offered perspective. What began with uncertainty has evolved into a purposeful pursuit guided by hard work, humility, and gratitude.

To the young and aspiring Chartered Accountants, this profession demands patience, discipline, and integrity. There will be challenges along the way, but each experience will shape your resilience. Continue to learn, uphold ethics, and take pride in the trust society places in us. True success lies not in recognition alone, but in the respect your work earns over time.

Warm Regards,
CA Rohit Agarwal
Past Chairman
